

MY PROJECTS

TOURIST GUIDE

A comprehensive travel website empowering tourists to effortlessly book their dream destinations, resolve queries, and discover tailored packages, ensuring a seamless and personalized travel experience.

- Attractive tourist packages and itineraries
- Easy room booking and reservation management
- Convenient feedback and review submission
- Quick doubt clarification and support

Plan, book, and enjoy your trip with our user-friendly website, featuring:

- Destination guides and recommendations
- Personalized travel planning and customization
- Secure payment gateways and booking management
- Responsive customer support and query resolution

CAMPUS SOCIAL NETWORKING

A campus social networking platform where students, faculty, and admin can connect, share posts, and interact with each other, fostering a sense of community and collaboration.

- Personalized profiles and networks
- Posting and sharing updates, ideas, and experiences
- Joining groups and clubs based on interests and affiliations
- Admin can review and delete every post on the site , the inappropriate post from students can be removed by admin and teachers
- Sharing files and resources
- Attending virtual events and webinars
- Receiving news and announcements from the campus community

This platform fosters collaboration, communication, and community-building among campus stakeholders, creating a vibrant and inclusive online environment that complements the physical campus experience.
